

Workforce Final Presentation

HUNTER THOMPSON

Integrated Workforce Portal (IWP)

Multiple City Agencies

Data Integration

Common Metrics

Main Questions

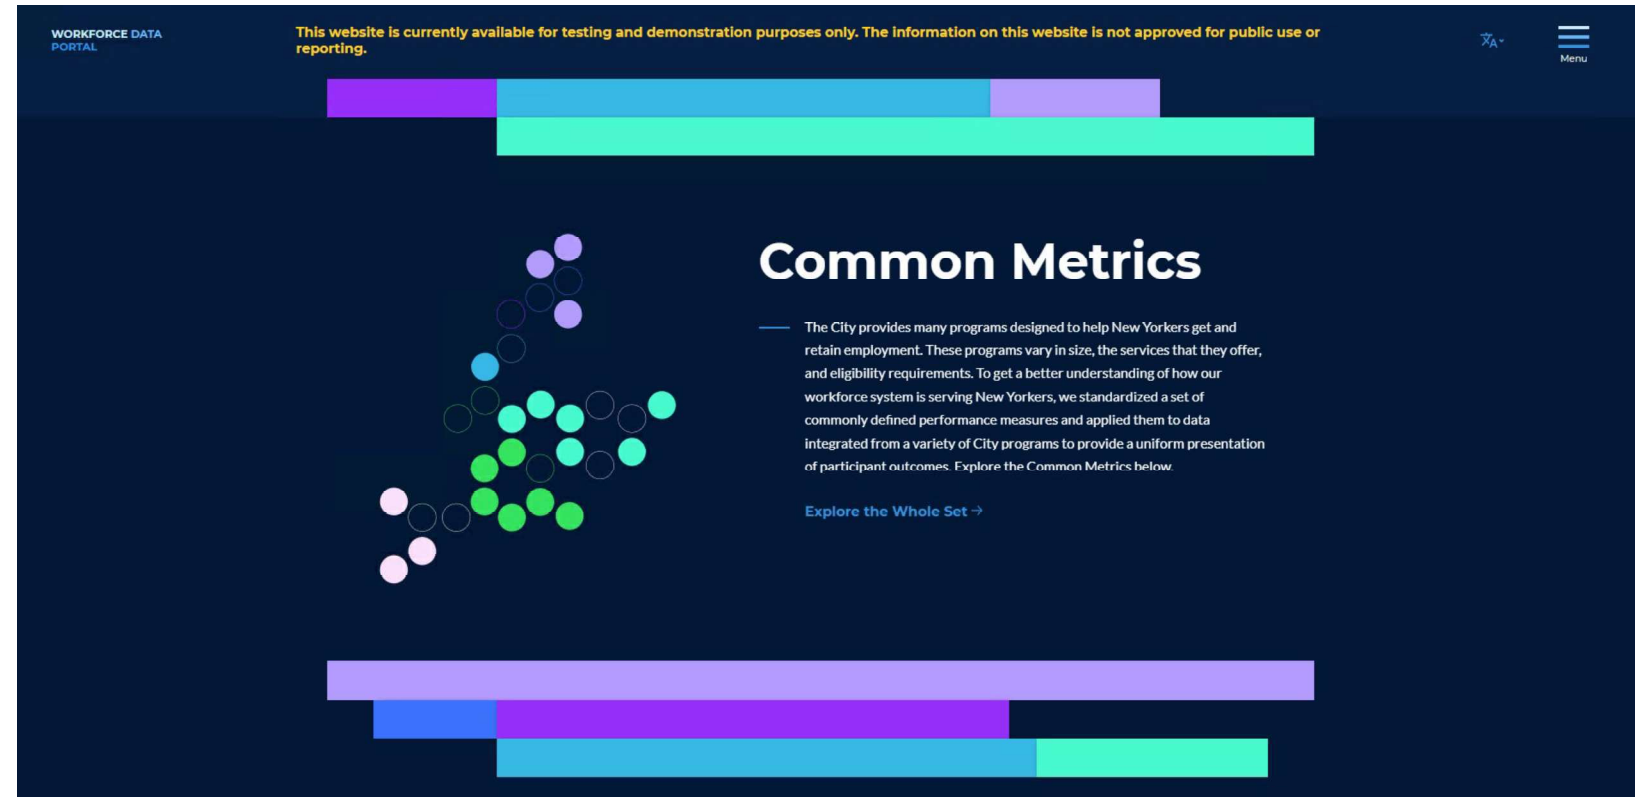

How equitable are workforce services in Racial Inclusion and Equity (RIE) neighborhoods?

Do workers in RIE neighborhoods have equitable wages across industries?

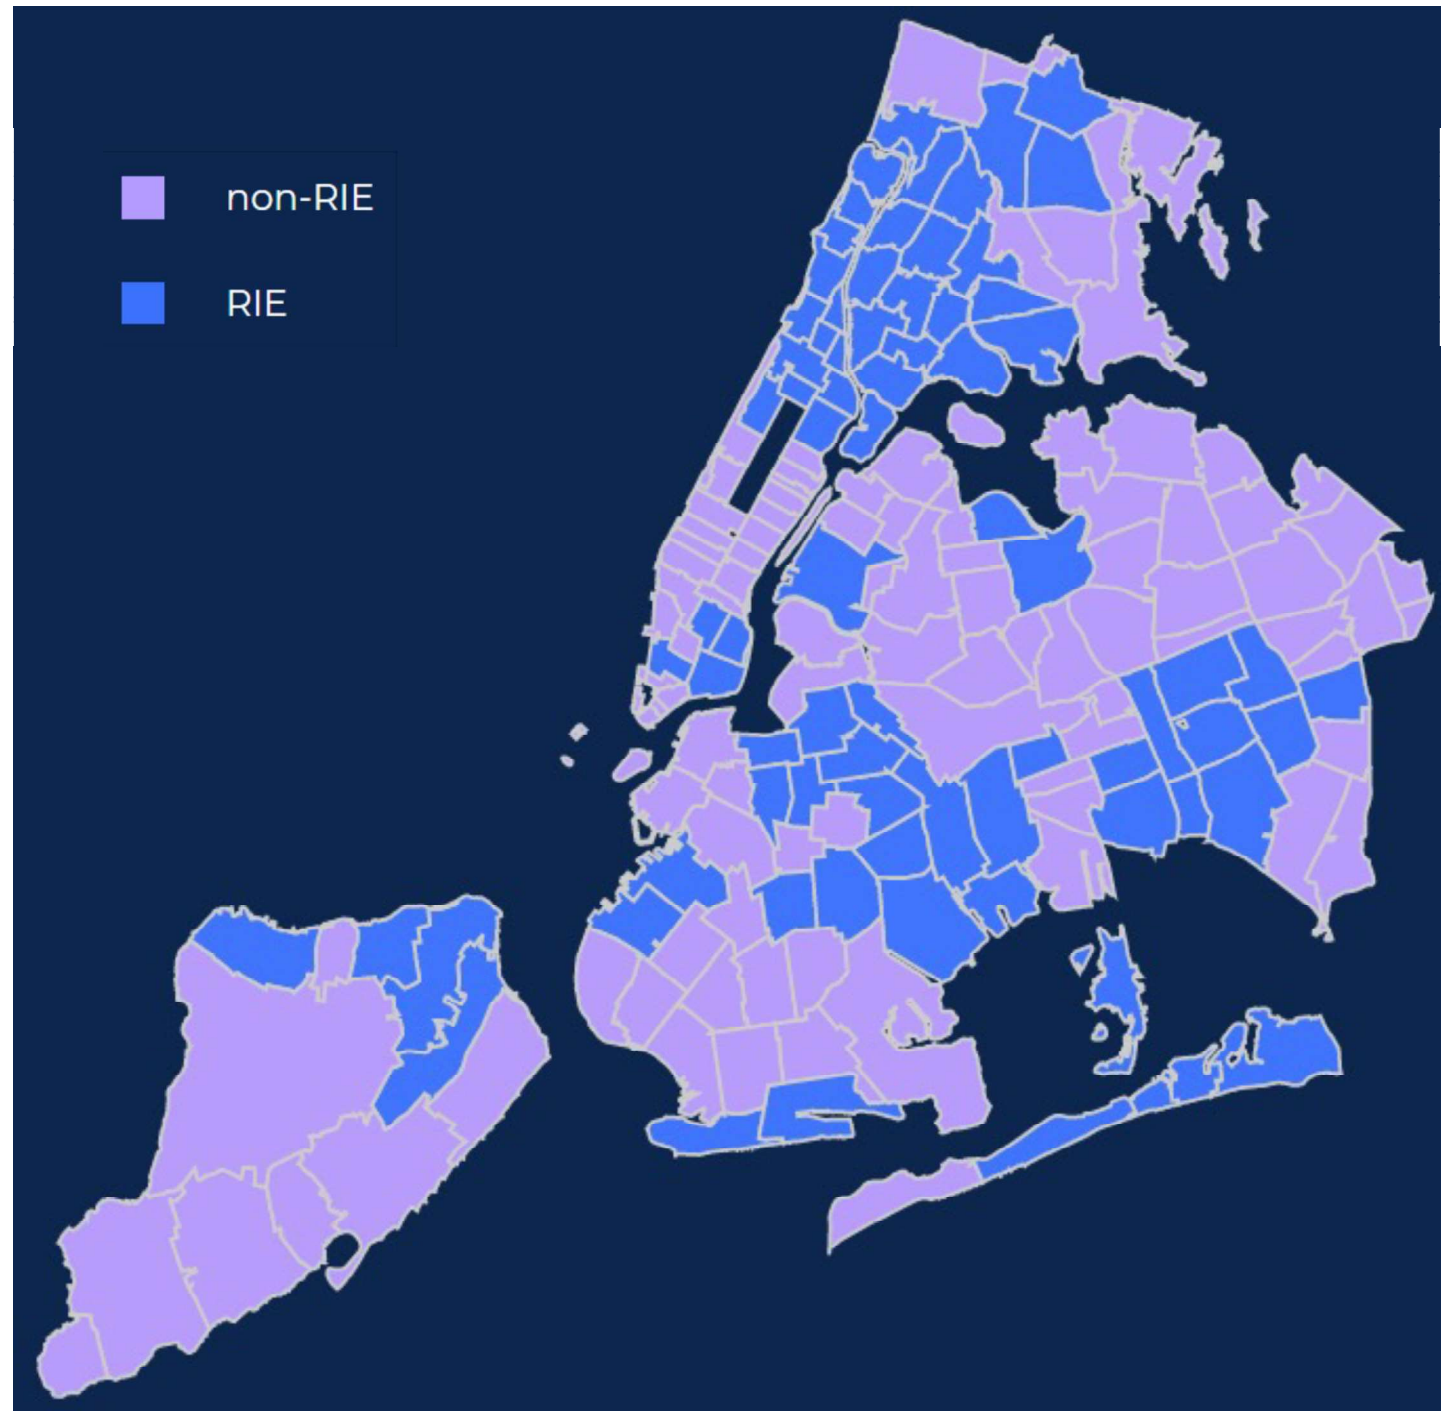

How are workforce services distributed across NYC?

Main Project

- Workforce Data Portal Data Story

Where do
clients reside?

Other
interesting
findings

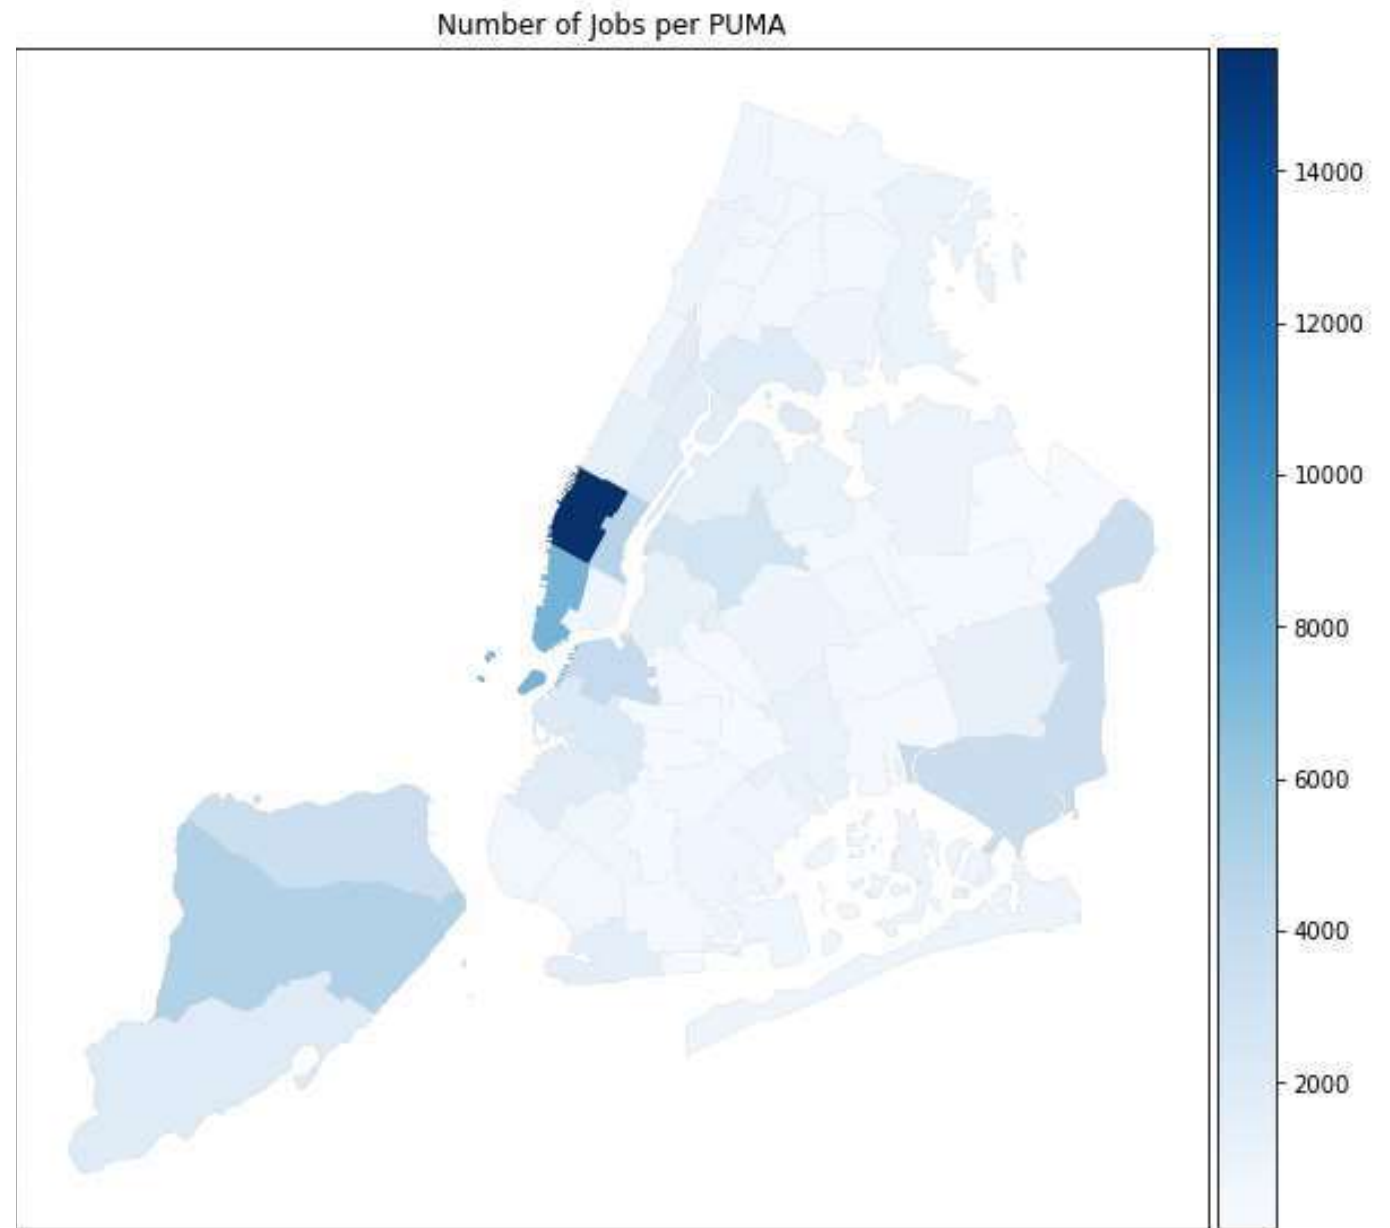

Travel Time

Data Cleaning

Data Cleaning

- Clean Worksite Data

Next Step: Commute Time Analysis

- What effect does commute time have on retention & continuity?
- Are there discrepancies between RIE and non-RIE neighborhoods?
- Is commute time accurate to how people actually get to work?

Main Takeaways

Disparity in worksite location for RIE neighborhoods

Disparity in Hourly Wage across multiple industries

Data cleaning needed to better examine commute times
